SNOW TUBING

A new addition to the winter offerings in Jezersko is the snow tubing course, where you can slide down on inflatable tubes. Snow tubing is a fun and carefree way for families and friends to enjoy an exciting ride in the snow. The descent takes place on a specially prepared track, and participants are comfortably taken back up by a lift that carries the tube, so there's no need to walk uphill!

A winter activity for all generations!

TRAFFIC REGIME DURING THE WINTER SEASON

During the winter season in the area of Ravenska Kočna valley, a modified traffic regime is in place. We kindly ask you to adhere to it, as this will make your visit much more enjoyable. Especially on weekends and during the holiday season around Lake Planšar, we expect an increased number of visitors, so in those periods, a circular traffic arrangement will be organized. We ask you to consistently observe the traffic signals and follow the instructions of the traffic wardens.

Visit to the Ravenska Kočna Valley

Traffic into the glacial valley of Ravenska Kočna is no longer allowed in winter and concludes at the hunting lodge. You can continue on foot into the valley, following the signs for the new pedestrian path leading to the freight cable cars. The thematic walking path into the Ravenska Kočna valley is closed during winter, as are the mountain huts. We kindly request that all hikers not walk on the cross-country skiing trails and keep dogs on leashes.

Parking

All hikers and skiers/runners (visitors of Park Jezersko) can park at the parking lots near Lake Planšar or Park Jezersko. All the parking lots are marked on the map.
